

ALMOST HOPELESS

Practically an Invalid for Almost Thirty Years.

Two Different Doctors Said Medicine Would Not Help Her.

HEARD OF DISCOVERY.

Mrs. Hannah Thompson Tells of Success Obtained.

Says She Can't Recommend Product Too Highly.

One sensational statement after another is being made in connection with "Tona Vita," the new tonic that is accomplishing such remarkable results in Topeka. Mrs. Hannah T. Thompson, 1225 N. Jackson St., city, had this to say yesterday:

"I have been practically an invalid for the past 30 years. I was troubled with nervous prostration and my whole system was in a run down condition. Two different doctors said no medicine would ever do me any good and said that nature's remedy—fresh air—was the only thing that would do me any good. My son-in-law bought some 'Tona Vita' for himself and advised me to take it and try it. Well, it surely helped me at once. I have always had to have my breakfast carried to me, but after a couple of days of taking 'Tona Vita' I was able to go down to my meals with the rest of the family. I am feeling better now than I have for 30 years. I can't recommend this medicine too highly, as I had given up all hope of ever getting anything to do me any good."

A similar preparation to "Tona Vita" has been a great success in Europe, but the tonic is just being introduced in the United States. The Arnold Drug Co. has secured the agency here, and specialists are explaining the nature of the medicine to the public at the 523 Kansas avenue store between the hours of 9 a. m. and 8 p. m.

These specialists claim that a large percentage of the population, especially among city people, are affected with nervous debility. One of the specialists in this connection said:

"The symptoms of nervous debility are unmistakable to those who know how prevalent this trouble is. A tired, dragging feeling of the body, a sluggish mind and dull memory, depression of spirits, nervousness, stomach trouble, weak back, cold feet, headaches and bowel trouble. These are sure indications of nervous debility, and modern life in big cities produces it in untold thousands."

"Tona Vita" will positively remove this condition. If it doesn't the trial costs nothing, as the medicine must do the work or we don't want money for it. "Tona Vita" is going to astonish Topeka, as it is actually worth its weight in gold to a man or woman afflicted with nervous debility."

"If I get to glory," says a Georgia philosopher, "I'll ask no hard to play, but I'll have no objections at all to anybody else playing one, as I always did like to go to sleep to slow music."—Atlanta Constitution.

AWAIT HIS MESSAGE.

Dr. Isaac R. Funk Has Arranged for Spirit Conversation.

New York, April 5.—Members of the American Society for Psychical Research hope to obtain an authoritative communication from the other world through the death of Dr. Isaac K. Funk yesterday. Dr. Funk, who was a noted investigator of psychical phenomena and spiritualism, made elaborate arrangements some time ago to establish communication with a living person on earth following his death.

Mr. Funk's plans were announced to his friends in a statement which he made shortly after the death of Professor William James, the Harvard psychologist.

"We have determined on a certain code of signals which no one on earth knows but the person to whom I will communicate, and myself," said Dr. Funk at that time.

"If he receives me through a designated medium or by some means which I may discover in the next world."

While Dr. Funk did not indicate the identity of the person he proposed to reach from the spirit world it is believed that he is Dr. James H. Hyslop, editor of the Journal of the American Society for Psychical Research and Dr. Funk's closest friend and coworker in spiritualistic investigations.

Milady's Toilet Table

By MME. D'MILLE

A simple home treatment that keeps the hair fine, clean, fluffy and glossy is dry shampooing once or twice a month with theroc. To prepare the powder, put a cupful of cornmeal (or four ounces of powdered orris root) in a fruit jar and mix with it a small original package of theroc. Sprinkle a little on the head and brush it out thoroughly, and it will take all dirt, dandruff and excess oil with it.

A luxurious everyday toilet necessity of the choicest materials can be made at home at little cost by simply dissolving an original package of mayatone in a half-pint witch hazel. Cover the face, neck and arms with this solution, and its purity, fineness and velvety softness will prove desirable and refreshing to the most sensitive skin. It beautifies without that "powdered" appearance and "holds" as no powder does.

A splendid remedy for sores, skin eruptions, pimples, eczema and similar beauty destroyers is Mother's Salve. It heals cuts, burns and scalds without leaving a scar, and is recommended for obstinate sores. It is antiseptic as well as healing and tends to prevent blood poisoning.

Probably nothing is more humiliating to a woman than hairs on her face. However, these can be quickly removed by applying delatone paste. Mix enough powdered delatone with water to cover the hairs; leave on for two minutes, then wipe off, wash the skin, and the hairs will be gone.
